PROFILE

Live events and operations leader with 15 years' experience delivering world-class events in high-profile public environments, from theatre and TV studios to heading Esports Operations at BLAST. Led a six-person department running tournament and event operations across 60+ flagship events and 300+ qualifiers in 13 countries, with €12m+ in budgets and 2,000+ freelancers booked and managed. Experienced in safety and operational standards, contingency planning, budget monitoring and managing external suppliers and specialist contractors, alongside stakeholder management with partners, regulators and venue teams. Hands-on with event logistics, equipment and freelancer booking, and built the operations tools and documentation behind a fast-moving events calendar. Looking to bring that operational discipline to events and brand activations in a high-profile public setting.

EXPERIENCE

Head of Esports Operations — Jun 2023 – Oct 2026
BLAST

- Led a six-person department running tournament operations across every BLAST ecosystem, including CS2, Dota 2, Brawl Stars, Fortnite, Rocket League and Rainbow Six
- Wrote the business case for a departmental OPEX budget covering equipment renewal, software and cross-event costs, with risk and budget monitoring built in
- Rebuilt how the department works, with clearer ownership, accountability and proper documentation
- Designed and built the department's own tools for event and equipment tracking, freelancer and contractor bookings, and event budgets and deadlines
- Costed and pitched new tournament work with the product and commercial teams
- Set technical requirements for commercial partnerships
- Brought Team Operations into the department, so all online and offline player management and support sat with one team
