Head of Events, Reed

Dear Hiring Manager,

I am writing to apply for the Interim Head of Events & Filming role at Oxford Street Development Corporation. Fifteen years leading live events, most recently as Head of Esports Operations at BLAST, have given me a strong grounding in delivering world-class events safely and smoothly in demanding, high-profile environments.

At BLAST I led a six-person department delivering 60+ flagship events and 300+ qualifiers across 13 countries, with €12m+ in budgets and 2,000+ freelancers and specialist contractors booked and managed for each event. I wrote the business case for a departmental OPEX budget with built-in risk and budget monitoring, and was the main point of contact for regulatory and governing bodies including FACEIT and ESIC. As Designated Safeguarding Lead and first aider, safety and compliance were part of every event I ran, across venues, teams and partners I didn't control directly.

I should be upfront that my events background is in esports and broadcast rather than public-realm filming and place-making, so I haven't managed location permissions or activations in a public streetscape before. What I'd bring is a tested record of stakeholder management, contingency planning, contractor and supplier management, and keeping fast-moving events safe and on budget, built across six years of international live events.

I would welcome the opportunity to discuss how this experience could transfer to the events and filming operation at Oxford Street Development Corporation.

Yours faithfully,
Tim Everard
